1. Attended Professional Selection Panel meeting. A discussion arose regarding the Panel's answer to the Agency Career Board request for a paper on oral examination. I pointed out that I felt such a paper was impossible until there is a clearer definition by the Agency Board as to the entire concept of career service. I do not feel that it is accurate to assume that everybody who works for the Agency does so on a career basis, and I feel that some division is desirable. It was the sense of the meeting that our Panel could best serve the Agency Career Board by submitting a series of questions that need answering by the Career Board. A drafting session has been called for this coming Thursday night.
